SKILLS

Mathematics are my foremost skill: this can be seen in both my work and classes. Very good at planning and organizing: have experience with my own business. Great leadership skills and willing to take the lead on any project.

EXPERIENCE

Siemens PLM, Ann Arbor - *IT and IoT Consultant*

JUNE 2018 - PRESENT

- Work collaboratively to strategize and find new ways for Solid Edge to appeal to K-12 education
- Involves lots of planning and real world testing of IoT prototypes involving Arduino, Raspberry Pi, and MindSphere IoT platform

University of Michigan ECLS Lab, Ann Arbor - *Lab Intern*

JUNE 2017 - AUGUST 2017

- Work shifts noting animal's vitals as prosthetic organs are installed
- Taught how to better organize and manage important resources
- Left due to scheduling with school

EDUCATION
